Columbia’s long-term plan for the old Manhattanville manufacturing area will revitalize the four former industrial blocks from 125th/129th to 133rd Street between Broadway and 12th Avenue, and three small blocks along the east side of Broadway from 131st to 134th Street, into an environmentally sustainable and publicly accessible center for academic and civic life woven into the fabric of the West Harlem community.

**Construction Activities for the Weeks of:**

**February 22, 2016 and February 29, 2016**

**What is happening**

**Jerome L. Greene Science Center**
- Maintenance of sidewalk bridge/temporary sidewalk along Broadway between W129th and W130th streets and perimeter fence protection repairs along W125th St
- Installation of ground floor storefront interior glass and entry vestibules
- Installation of raised floor pavers on ground floor and roof terraces
- Full operation of modified loading dock, West 130th St entrance

**Lenfest Center for the Arts**
- Urban layer and roof waterproofing ongoing
- Roof bulkhead installation ongoing
- Façade soffits underway
- Rooftop mechanical equipment delivery

**University Forum**
- Site mobilization
- Placement of concrete barriers along West 125th Street and Broadway
- Perimeter fence and gate installation

**Open Space: Small Square and site work on W129th, W130th and Broadway around Jerome L. Greene Science Center**
- Clearing the area of the small square back to the W129th St property line
- Installation of conduits for W129th St utility crossings, which will include concreting and backfill operations
- Installation of rebar and concrete for protection slab in small square plaza

**What to expect**

**Construction activity**
