Columbia’s long-term plan for the old Manhattanville manufacturing area will revitalize the four former industrial blocks from 125th/129th to 133rd Street between Broadway and 12th Avenue, and three small blocks along the east side of Broadway from 131st to 134th Street, into an environmentally sustainable and publicly accessible center for academic and civic life woven into the fabric of the West Harlem community.

Construction Activities for the Weeks of: June 6, 2016 and June 13, 2016

What is happening

Jerome L. Greene Science Center
- Maintenance of sidewalk bridge/temporary sidewalk along Broadway between W129th and W130th streets and perimeter fence protection repairs along W125th St
- Installation of ground floor storefront interior glass and entry vestibules
- Installation of polished concrete stair treads, Broadway entrance
- Installation of ground floor security console
- Removal of modified loading dock, West 130th St entrance
- Installation of permanent loading dock walls, doors and accessories
- Cleaning of the glazing (i.e. windows)/curtain wall system

Lenfest Center for the Arts
- Roof bulkhead installation
- Rooftop duct and roof paver installation

University Forum
- Waterproofing installation on the mud slab is ongoing
- Excavation and soil removal continue for the western portion of the site
- Stone placement over the mat slab (concrete foundation)
- Installation of formwork, anchor bolts and reinforcement for the foundation wall and placement of concrete
- Dewatering is ongoing
- Installation of wood lagging for western half of site
- Subgrade preparation for the mud slab placement on the western portion of the site is ongoing

Open Space: Small Square and site work on W129th, W130th and Broadway around Jerome L. Greene Science Center
- Installation of rebar and concrete for protection slab in small square plaza
- Forming of structural walls in the small square plaza
- Installation of concrete block walls in the small square plaza
- Installation of curbs along Broadway and W129th Street

What to expect

Construction activity
